

Emma Jane Softwire Nursing Bras (Emma Jane Underwire Nursing Bras)

New from Emma-Jane, the Softwire Nursing Bra is an innovative maternity and nursing bra, designed to give the great support you expect from an underwire with the softness you need for your changing shape.

The SUPA-LITE[®] wire adjust to body changes for an exceptional fit, without causing restriction and discomfort. These bras have lots of thoughtful touches, like easy-open clips for breastfeeding access, and extra panels for support, which make them an absolute essential.
